Background

Statements of Priorities are key accountability agreements between Government and Victorian publicly funded health, mental health and ambulance services. The content and process for preparation and agreement of the annual Statement of Priorities is consistent with sections 40G, 65ZFA, 65ZFB and section 26 of the Health Services Act 1988.

Statements of Priorities are consistent with the health services' strategic plans and aligned to government policy directions and priorities. The annual agreements support the delivery of, or substantial progress towards the key shared objectives of quality and safety, good governance and leadership, access and timeliness, and financial sustainability.

A Statement of Priorities consists of four main parts:

- Part A provides an overview of the service profile, strategic priorities and deliverables the health service will achieve in the year ahead.
- Part B lists the performance priorities and agreed targets.
- Part C lists funding and associated activity.
- Part D forms the service agreement between each health service and the state of Victoria for the purposes of the National Health Reform Agreement.

Performance expectations and mechanisms used by the Department of Health and Human Services to monitor and manage performance are described in the *Victorian Health Service Performance Monitoring Framework 2019-20*.

High standards of governance, transparency and accountability are essential. In this context, the Victorian Government commits to publish Statements of Priorities in November each year and present data on the performance of our health system in the public domain.

Strategic priorities

The Victorian Government is responsible for ensuring that a wide range of health care services are delivered to the Victorian community. The Department of Health and Human Services (the department) delivers policies, programs and services that support and enhance the health and wellbeing of all Victorians. By working together, we strive to build stronger functional, policy and service delivery connections to support the health, wellbeing and safety of all Victorians, no matter what their personal circumstances or stage of life.

Government commitments

This year's \$25.6 billion *Victorian Budget* will help us continue our work in supporting the most vulnerable Victorians and provide more services locally.

- \$2.3 billion of additional funding for meeting hospital services demand
- \$321.9 million for the roll-out of free dental care to all Victorian government school students
- \$299.6 million for more paramedics, vehicles and stations
- \$136.2 million to deliver 500,000 specialist appointments in regional Victoria
- \$117.8 million to recruit and train more nurses, midwives and frontline health workers and make further ratios improvements that will see 1,100 nurses & midwives in Victorian public hospitals.
- \$213.6 million for new parenting centres and more maternal and child health nurses
- \$116.5 million for medical research projects such as new cancer therapies
- A \$100 million boost to the Regional Health Infrastructure Fund to support hospitals and health facilities for rural and regional communities
- \$72 million on hospital and community based palliative care to ensure the end of life care choices of Victorians continue to be met
- \$67.6 million to meet critical mental health service demand
- \$1.5 billion to build a new Footscray Hospital
- \$59.5 million for a new rehabilitation centre at Bendigo Health
- \$31.4 million for an expansion of the Royal Children's Hospital
- \$2.4 million to plan for a new hospital in Melton

This investment will support the implementation of *Health 2040: advancing health, access and care* - which presents a clear vision for the health and wellbeing of Victorians and for the Victorian healthcare system.

Part A: Strategic overview

Mission statement

Building community health and wellbeing by delivering friendly, safe and accessible acute, residential aged care and community services.

Service profile

Maldon Hospital delivers High and Low Care Residential Aged Care and in-patient acute services (low acuity). The health service also delivers a range of community-based services, including District Nursing seven days a week, Planned Activity Groups, Volunteer Coordination and community health promotion activities.

Strategic planning

Maldon Hospital Strategic Plan 2014-19 is available online at www.maldhosp.vic.gov.au.

Strategic priorities – Health 2040

Maldon Hospital is an active participant in the Loddon Mallee Chief Executive Officer Partnership which has agreed to work towards identification of shared strategic priorities and has embarked on a comprehensive planning journey which will be completed by July 2020.

In 2019-20 Maldon Hospital will contribute to the achievement of the Government's commitments within *Health 2040: Advancing health, access and care* by:

Better Health

Goals:	Strategies:
A system geared to prevention as much as treatment	Reduce Statewide Risks
Everyone understands their own health and risks	Build Healthy Neighbourhoods
Illness is detected and managed early	Help people to stay healthy
Healthy neighbourhoods and communities encourage healthy lifestyles	Target health gaps

Deliverables:

- Collaborate with Maldon community groups and Castlemaine District Community Health to explore health and wellbeing activities, particularly targeting the older community members to encourage healthier lifestyles.
- Improve the health of our staff, volunteers and participants of our community programs by supporting smokers to quit through greater access to and uptake of smoking cessation pathways.

Better Access

Goals:	Strategies:
Care is always being there when people need it	Plan and invest
Better access to care in the home and community	Unlock innovation
People are connected to the full range of care and support they need	Provide easier access
Equal access to care	Ensure fair access

Deliverables:

- Review and implement strategies that will provide easier access to community health and wellbeing services, particularly for people with disabilities and Aboriginal and Torres Strait Islander People as identified in the Maldon Hospital's access and inclusion plan.
- Increase access to health care across for rural and regional communities by participating in the review and development of the Loddon Mallee Telehealth Plan.

Better Care

Goals:	Strategies:
Targeting zero avoidable harm	Put quality First
Healthcare that focusses on outcomes	Join up care
Patients and carers are active partners in care	Partner with patients
Care fits together around people's needs	Strengthen the workforce
	Embed evidence
	Ensure equal care

Deliverables:

- Partner with patients and carers to provide better care by working within the Safer Care Victoria Partnering in Healthcare framework with a priority focus on Equity and Inclusion and Working together.
- Participate in the development of a regional volunteering strategy to increase volunteer numbers and the quality and safety of support they provide to patients and residents.

Specific priorities for 2019-20

In 2019-20 Maldon Hospital will contribute to the achievement of the Government's priorities by:

Supporting the Mental Health System

Improve service access to mental health treatment to address the physical and mental health needs of consumers.

- Contribute to the development of a Regional Mental Health Plan for the Loddon Mallee in collaboration with the Primary Health Network.

Addressing Occupational Violence

Foster an organisational wide occupational health and safety risk management approach, including identifying security risks and implementing controls, with a focus on prevention and improved reporting and consultation.

Implement the department's security training principles to address identified security risks.

- Improve the health and safety of health service staff and volunteers by implementing and evaluating site specific Occupational Violence action plans.

Addressing Bullying and Harassment

Actively promote positive workplace behaviours, encourage reporting and action on all reports.

Implement the department's *Framework for promoting a positive workplace culture: preventing bullying, harassment and discrimination* and *Workplace culture and bullying, harassment and discrimination training: guiding principles for Victorian health services*.

- Undertake a gap analysis and implement required actions to meet the department's *Framework for promoting a positive workplace culture: preventing bullying, harassment and discrimination*.

Supporting Vulnerable Patients

Partner with patients to develop strategies that build capability within the organisation to address the health needs of communities and consumers at risk of poor access to health care.

- Establish a local Dementia Alliance with community groups to develop strategies, such as a dementia awareness campaign, to support people with dementia living in the community.

Supporting Aboriginal Cultural Safety

Improve the health outcomes of Aboriginal and Torres Strait Islander people by establishing culturally safe practices across all parts of the organisation to recognise and respect Aboriginal culture and deliver services that meet the needs, expectations and rights of Aboriginal patients, their families, and Aboriginal staff.

- Participate in the development of a regional plan for improved Aboriginal cultural safety and implement consistent local strategies to improve health outcomes of Aboriginal and Torres Strait Islander people.

Addressing Family Violence

Strengthen responses to family violence in line with the *Multiagency Risk Assessment and Risk Management Framework* (MARAM) and assist the government in understanding workforce capabilities by championing participation in the census of workforces that intersect with family violence.

- Improve our health service response to family violence by undertaking a census of our workforce capabilities and aligning health service activities to be consistent with the Multiagency Risk Assessment and Risk Management Framework.

Implementing Disability Action Plans

Continue to build upon last year's action by ensuring implementation and embedding of a disability action plan which seeks to reduce barriers, promote inclusion and change attitudes and practices to improve the quality of care and employment opportunities for people with disability.

- Improve the quality of care and employment opportunities for people with a disability by finalising and commencing site specific Disability Action Plans.

Supporting Environmental Sustainability

Contribute to improving the environmental sustainability of the health system by identifying and implementing projects and/or processes to reduce carbon emissions.

- Improve our environmental sustainability by participating in the development of a hospital waste management strategy across the Loddon Mallee region.

Part B: Performance Priorities

The *Victorian Health Services Performance monitoring framework* outlines the Government's approach to overseeing the performance of Victorian health services.

Changes to the key performance measures in 2019-20 strengthen the focus on high quality and safe care, organisational culture, patient experience and access and timeliness in line with Ministerial and departmental priorities.

Further information is available at www2.health.vic.gov.au/hospitals-and-health-services/funding-performance-accountability

High quality and safe care

Key performance measure	Target
Accreditation	
Compliance with the Aged Care Standards	Full compliance
Infection prevention and control	
Compliance with the Hand Hygiene Australia program	83%
Percentage of healthcare workers immunised for influenza	84%
Patient experience	
Victorian Healthcare Experience Survey – percentage of positive patient experience responses	95%
Victorian Healthcare Experience Survey – percentage of very positive responses to questions on discharge care	75%
Victorian Healthcare Experience Survey – patient's perception of cleanliness	70%

Key performance measure	Target
Adverse events	
Sentinel events – root cause analysis (RCA) reporting	All RCA reports submitted within 30 business days

Strong governance, leadership and culture

Key performance measure	Target
Organisational culture	
People matter survey - percentage of staff with an overall positive response to safety and culture questions	80%
People matter survey – percentage of staff with a positive response to the question, "I am encouraged by my colleagues to report any patient safety concerns I may have"	80%
People matter survey – percentage of staff with a positive response to the question, "Patient care errors are handled appropriately in my work area"	80%
People matter survey – percentage of staff with a positive response to the question, "My suggestions about patient safety would be acted upon if I expressed them to my manager"	80%

Key performance measure	Target
People matter survey – percentage of staff with a positive response to the question, “The culture in my work area makes it easy to learn from the errors of others”	80%
People matter survey – percentage of staff with a positive response to the question, “Management is driving us to be a safety-centred organisation”	80%
People matter survey – percentage of staff with a positive response to the question, “This health service does a good job of training new and existing staff”	80%
People matter survey – percentage of staff with a positive response to the question, “Trainees in my discipline are adequately supervised”	80%
People matter survey – percentage of staff with a positive response to the question, “I would recommend a friend or relative to be treated as a patient here”	80%

Effective financial management

Key performance measure	Target
Operating result (\$m)	-0.15
Average number of days to pay trade creditors	60 days
Average number of days to receive patient fee debtors	60 days
Adjusted current asset ratio	0.7 or 3% improvement from health service base target
Forecast number of days available cash (based on end of year forecast)	14 days
Actual number of days available cash, measured on the last day of each month.	14 days
Variance between forecast and actual Net result from transactions (NRFT) for the current financial year ending 30 June.	Variance ≤\$250,000

Part C: Activity and funding

The performance and financial framework within which state government-funded organisations operate is described in 'Volume 2: Health operations 2019-20 of the *Department of Health and Human Services Policy and funding guidelines 2019*.

The *Policy and funding guidelines* are available at <https://www2.health.vic.gov.au/about/policy-and-funding-guidelines>

Further information about the Department of Health and Human Services' approach to funding and price setting for specific clinical activities, and funding policy changes is also available at

<https://www2.health.vic.gov.au/hospitals-and-health-services/funding-performance-accountability/pricing-funding-framework/funding-policy>

Funding type	Activity	Budget (\$'000)
Small Rural		
Small Rural Acute	2	1,762
Small Rural Primary Health & HACC	436	22
Small Rural Residential Care	10,125	536
Other specified funding		102
Total Funding		2,422

Part D: Commonwealth funding contribution

The Victorian health system has faced a number of changes to Commonwealth funding since 2012–13. The changes to the funding arrangements announced in the 2014–15 Commonwealth Budget will continue to be applicable for the period 1 July 2019 to 30 June 2020 with funding continued to be linked to actual activity levels.

The Commonwealth funding contribution outlined the 2019–20 Commonwealth Budget was based on estimates and has since been updated by the Administrator of the National Health Funding Pool, based on latest activity estimates from States and Territories. However, given that final funding amounts are based on actual activity, there may be adjustments to funding throughout the year as a result of reconciliations and other factors outlined below.

Period: 1 July 2019 – 30 June 2020

	Service category	Estimated National Weighted Activity Units (NWAU18)	Total funding (\$'000)
Activity based funding	Acute admitted services		
	Admitted mental health services		
	Admitted subacute services		
	Emergency services		
	Non-admitted services		
Block Funding	Non-admitted mental health services		
	Teaching, training and research		
	Other non-admitted services		
Other Funding			2,422
Total			2,422

Note:

- Activity loadings are included in the Estimated National Weighted Activity Units (i.e. Paediatric, Indigenous, Remoteness, Intensive Care Unit, Private Patient Service Adjustment, and Private Patient Accommodation Adjustment).
- In situations where a change is required to Part D, changes to the agreement will be actioned through an exchange of letters between the Department and the Health Service Chief Executive Officer.
- Ambulance Victoria and Dental Health Services Victoria do not receive a Commonwealth funding contribution under the National Health Reform Agreement. Dental Health Services Victoria receives Commonwealth funding through the National Partnership Agreement.

Accountability and funding requirements

The health service must comply with:

- All laws applicable to it;
- The National Health Reform Agreement;
- All applicable requirements, policies, terms or conditions of funding specified or referred to in the Department of Health and Human Services policy and funding guidelines 2019;
- Policies and procedures and appropriate internal controls to ensure accurate and timely submission of data to the Department of Health and Human Services;
- All applicable policies and guidelines issued by the Department of Health and Human Services from time to time and notified to the health service;
- Where applicable, all terms and conditions specified in an agreement between the health service and the Department of Health and Human Services relating to the provision of health services which is in force at any time during the 2019-20 financial year; and
- Relevant standards for programs which have been adopted e.g. International Organisation for Standardisation standards and AS/NZS 4801:2001, Occupational Health and Safety Management Systems or an equivalent standard. This includes the National Safety and Quality Health Service Standards ('NSQHS standards') as accredited through the Australian Health Service Safety and Quality Accreditation Scheme.

Signature

The Secretary and the health service board chairperson agree that funding will be provided to the health service to enable the health service to meet its service obligations and performance requirements as outlined in this Statement of Priorities.
